Our Story

In 2011, I Love Ecigs began offering [Logic Electronic Cigarettes](#) to convenience stores. Very quickly we learned that consumers loved this product and are using it daily. Some of them smoked this product while in their cars, homes, restaurants or when they were around other people and children and didn't want to disturb them. Some continued smoking their regular tobacco cigarettes on other occasions, whereas some switched to the Logic Electronic Cigarettes exclusively. Since we saw such growth in our e-cigs market and such loyalty to this brand, we decided to offer this great product to everyone who desires to try smoking electronic cigarettes.

We built this e-commerce site to help educate consumers about e-cigs and offer the best electronic cigarettes we know in the market. So if you are asking where can I buy electronic cigarette? You came to the right place. ILoveEcigs.com is committed to provide a top-quality smoking experience. We sell the Logic e-cigs which we believe is a superior brand of electronic cigarettes, are easy to use and provide a smoking sensation with no tar, no carbon monoxide, no tobacco, no ash, no second hand smoke and no smell. You can smoke them everywhere and disturb no one.
